This year, we've expanded meeting space, increased seating, and enhanced facilities to ensure inclusive accessibility. We've also introduced British Sign Language interpretation at the large Oxford Room meetings. Each section of the venue is colour-coded for easy navigation.

All our meetings are non restrictive (open to anyone who wants to attend, regardless of background or demographics).

Need help or support? Look for one of our greeters and they'll be happy to guide you.

Seating at Sunday's Spiritual meeting

We will prioritize individuals with accessibility needs. Please refer to any relevant notices when selecting your seats. To ensure fairness, we encourage attendees not to reserve seats (e.g., with coats or bags) before the meeting starts. If you have specific seating preferences for individual or groups, arriving early is recommended. Our spacious venue is designed to accommodate everyone comfortably.

When leaving the venue

We ask you to be mindful that we share the hotel with other guests.
